

# Filtration at its best!

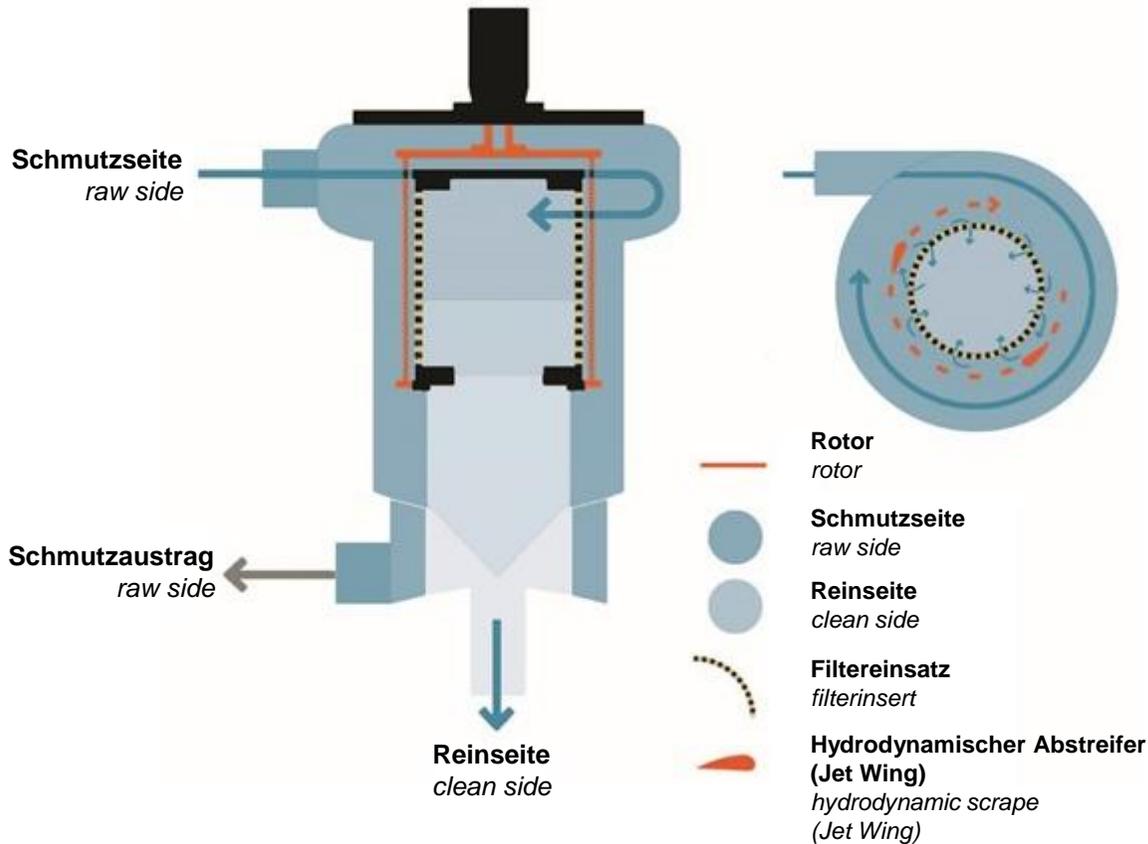

Experience the most effective way of process water filtration.

*Erleben Sie die effektivste Art der Prozesswasserfiltration.*

**KLASS FILTER**

# Jet Wing Liquid

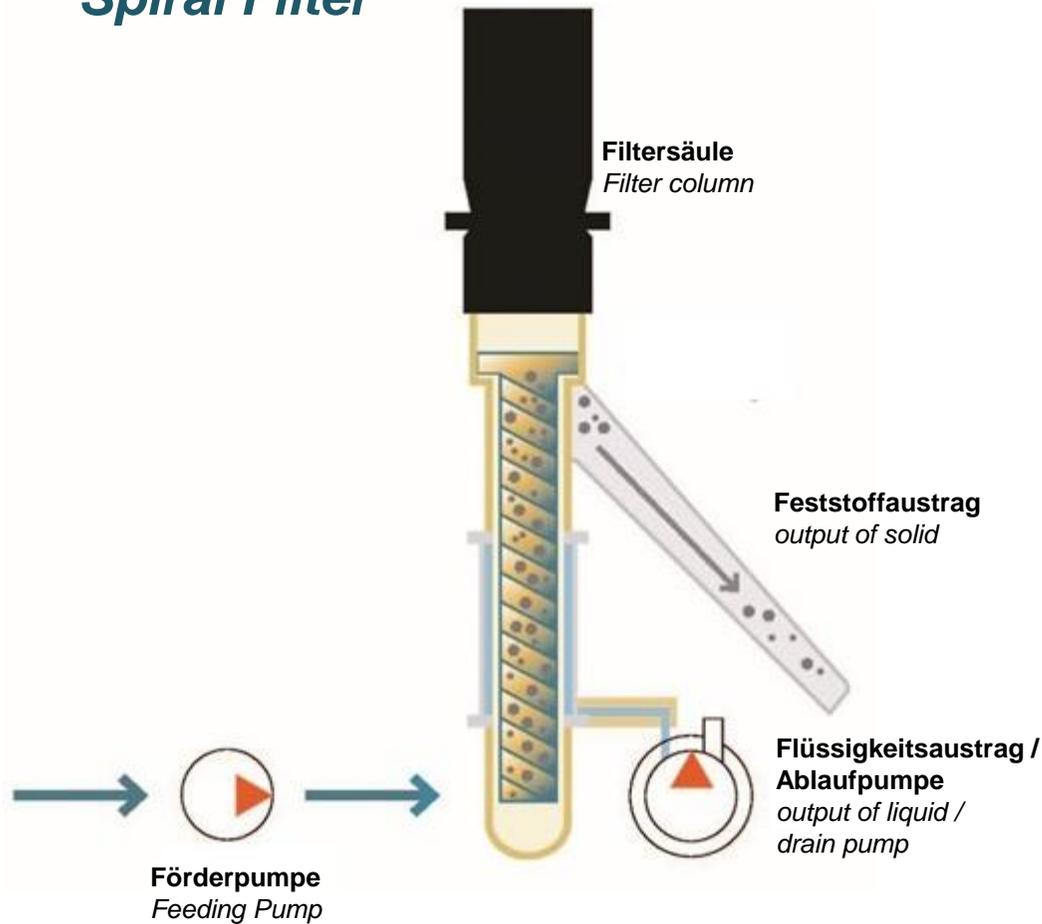

Input	Output
< 5 % TS	< 100 $\mu\text{m}$ < 60 $\mu\text{m}$ < 25 $\mu\text{m}$

**Filtration sowohl von Schweb-, Schwimm- und Senkstoffen mit nur einem Gerät**  
***filtration of suspended, floating and sedimentary solids in just one device***

# Wendelfilter

## Spiral Filter

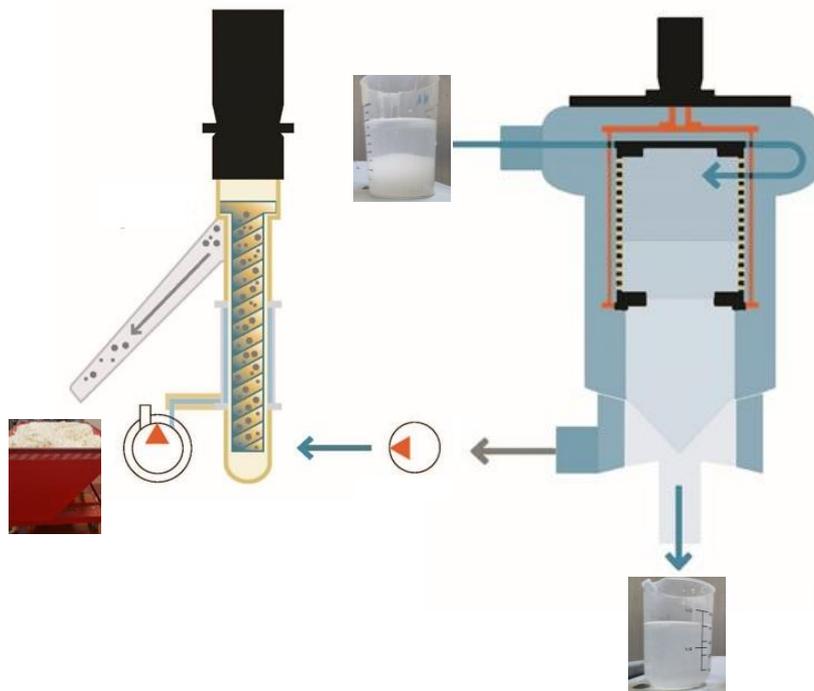

Input	Output
> 0,2 % TS	< 30 % TS

Schlammwässerung mit niedrigen Energiekosten  
*Sludge dewatering with low energy costs*

# Jet Wing Liquid - Wendelfilter Kombination

*Jet Wing Liquid - spiral filter combination*

**hocheffiziente Fest-Flüssig-Trennung**  
***Highly efficient solid-liquid separation***
